## AT CHRIST CHURCH

### Confirmation Expectations

By entering into the Confirmation process, I understand that I am expected to:

- Attend all confirmation activities: Retreat, classes, Holy Week worship, and the Rite of Confirmation;
- Treat my community members and leaders with respect and love;
- Ask honest questions of myself and the class material, and be my most authentic self throughout the confirmation process;
- Understand that Confirmation is my decision, and mine alone. If at any point I feel this journey is not for me I will be honest with myself, my parents, and my Confirmation mentors and leaders;
- Participate in class discussion and activities;
- Be open to learning new things and being open to learning more about the Person of Jesus, the history of Church, the practices of my community and myself;
- To prioritize Confirmation, and my Christian faith over all things.

As a faith community supporting you through this process, we promise to:

- Listen to your questions and concerns with open minds and hearts;
- Take your contributions seriously and treat them with respect;
- Expose you to the fundamental questions of faith and explore them with you;
- Provide a mentor who will share their own faith experiences and questions, and respond to yours;
- Offer you help when you need it;
- Keep you in our prayers.

# Confirmation Commitment Form

I, \_\_\_\_\_, am registering for the Youth Confirmation process for 2020-2021. I have read through the expectations, have a full understanding of what I am agreeing to participate in and believe that I will be able to fulfill each of the areas of expectation. There are bound to be times that other important obligations will conflict with the stated Confirmation expectations, but I will make confirmation a top priority and do everything possible to fulfill the Confirmation obligations.

I, \_\_\_\_\_, the parent of \_\_\_\_\_, have read through the expectations, have a full understanding of what my child is agreeing to participate in and believe that I will be able to support him/her to fulfill each of the areas of expectation. There are bound to be times that other important obligations will conflict with the stated Confirmation expectations, but I will help my child weigh the Confirmation obligations against other priorities and discern whether Confirmation is the correct path for him/her at this time. I understand that the decision to be confirmed rests with my child, and I will support him/her in this decision.
